

Exterior Door Systems you can Trust

2022 IMPACT CATALOG

BHIDoors
BY BUILDERS HARDWARE, INC.

bhiflorida.com

THE BHI SYSTEM

*Quality components
create the total package.*

BHI Doors is a collection of best-in-class components (doors, doorglass, frames, astragals, weather seals, thresholds, locksets, and hardware) used to create entry systems with enduring good looks and superior performance. The majority of our door systems are tested to the HVHZ (High Velocity Hurricane Zone) standards, the most stringent hurricane codes ANYWHERE in the United States. Most all of the BHI Door systems meet the minimum Florida Energy code.

Great craftsmanship, beautiful glass patterns, multiple finish hardware options, superior construction, and energy-saving features all come together in a wide range of entry systems that enhance the value of your home and add beauty to everyday living.

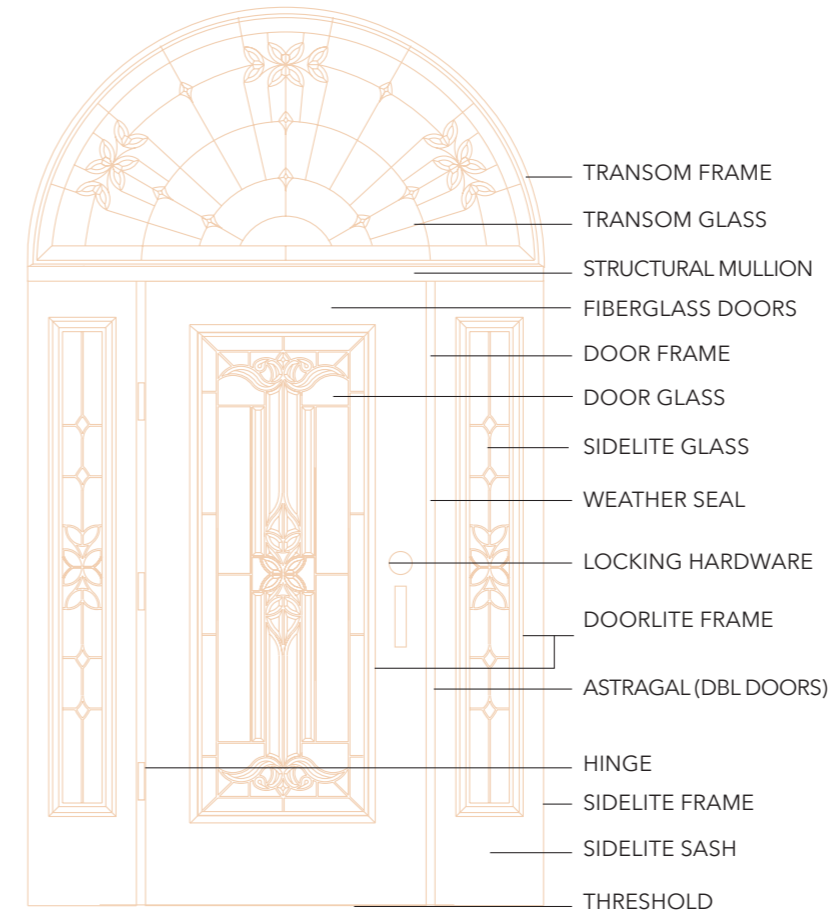

BHIDoors *Commitment*

All Units listed on pages with this symbol located at the bottom will be built using components that are stocked in our warehouse.

Unless otherwise noted, all products featured can be built into door systems that are compliant with hurricane structural, hurricane impact and the latest energy codes.

BHI Doors continues our commitment to service excellence as we bring enduring beauty and value to exterior doors throughout Florida. – established in 1954.

Add beauty to and increase the value of your home with ODL's innovative line of doorglass.

FIBERGLASS DOORS AND PF FRAMES™

A lifetime of exceptional durability and performance for every door around your home.

CUSTOM GLASS

Custom glass for doors, sidelites, windows and transoms.

VENTILATING DOORS

Let in the breeze without compromising security with an optional window insert in your door (with a security screen).

THRESHOLDS & ASTRAGALS

For additional security and weather protection our systems use DLP thresholds and astragals.

TRILENNIUM™

MULTI-POINT LOCKS

The ultimate fiberglass door security system. Multiple latches and bolts prevent forced entry and create additional weather sealing.

ETCHED GLASS

Unique line of doorglass inserts styled for Florida living. Etched glass displays traditional sandblasting.

RESIDENTIAL LOCKSETS

Superior functionality and long lasting beauty.

RESIDENTIAL HARDWARE

Easy installation and secure performance.

OVERLAY ART LAMINATE

Endless changeable options of patent pending premium overlay art glass laminate.

BHI Weather-seals

Keep cool air in and keep bugs out while benefiting from improved energy efficiency.

BHIHinges

Specially designed for high-performance and tested for long lasting endurance.

BHI's Path to Your Door

STEP #1

Choose your door's Family:

**DECORATIVE
AROUND THE HOME
SOLID FIBERGLASS**

STEP #2

Choose your door's Design:

Use the Table of Contents on the next page to locate your preferred Design

STEP #3

Choose your door's Build:

Locate your Design's page and choose your Unit Code
(1/4 lite, 1/2 lite 3/4 lite, full lite, opaque)
(6/8, 8/0)
Sidelites will have unique Unit Codes

STEP #4

Choose your door's Hardware and Paint/ Stain Kit options:

Complete your door's look by choosing from our selection of security hardware, viewers, stops, or paint and stain kits

STEP #5

Finalize your door's Order:

Talk to your sales rep to confirm pricing and availability of your door's specific options*
(smooth white, woodgrain tan)
(single unit, double unit, sidelite)
(HVHZ, WBD)

CUSTOM DESIGNS

Camed Designs

Caming is the thin metal work that joins together the door glass elements. Camed units are available as custom one-of-a-kind or complementary of any designs.

Metalist Designs

Our Metalist designs are composed of aluminum sheets cut to a design or style of your choice, and sandwiched between insulated glass. Metalist units are available from existing designs, as custom one-of-a-kind or complementary of any designs.

PERSPECTIVES
TEXTURED DOORGLASS

Blanca

LOW-E
Offering a high level of privacy and an understated backdrop, Blanca has a frosted, slightly stippled surface.

Privacy Rating 9

All door sizes shown can be built as double door systems.

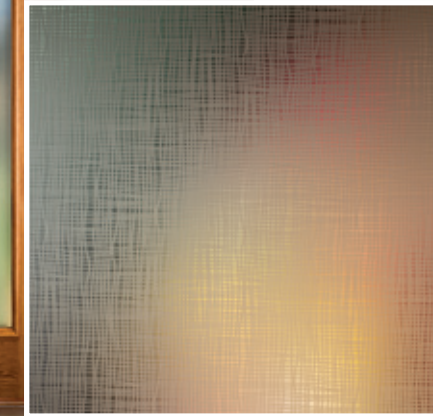

PERSPECTIVES
TEXTURED DOORGLASS

Linen

LOW-E

Reminiscent of a soft shirt or an elegantly embroidered table cloth, Linen's lightly etched weave pattern complements both casual and formal entryway designs. The translucent white glass and soft moiré of silkscreened threads give it a high privacy level.

Privacy Rating 9

All door sizes shown can be built as double door systems.

PERSPECTIVES
TEXTURED DOORGLASS
Streamed

LOW-E

The pronounced vertical pattern and strong ribbed texture of Streamed creates the illusion of falling water in your entryway. It also offers a high level of privacy.

Privacy Rating 9

All door sizes shown can be built as double door systems.

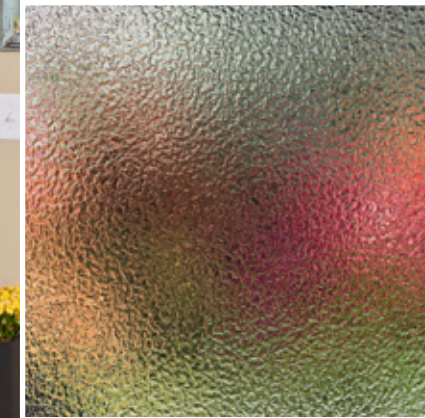

PERSPECTIVES
TEXTURED DOORGLASS
Micro-Granite

LOW-E

Micro-Granite blends texture and pattern to create a surface reminiscent of small polished pebbles.

Privacy Rating 9

All door sizes shown can be built as double door systems.

AROUND THE HOME

Nova 90 **plastpro®**
Direct Glazed

- LOW-E (white translucent glass)
- LOW-E 366 (clear glass)

Full Length LVL Reinforcement (Hinge & Strike Side, For Extra Rigidity)

Insulated 1" Glass

Compression Molded Fiberglass Skin

Integrally Molded Glass Stop

High Density Polyurethane Foam

Nova 90 door skin is a white brushed texture.

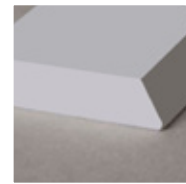

SDL BARS

SDL Bars can be added to Nova 90 doors to create a simulated divided lite look. Many different lite configurations can be achieved using these great add-ons. They are stocked in the following widths:

- 1" 3 1/2" 5"

Nova90 White Translucent Door with 5" SDL Bars and Deep Blue Sea Paint

SDL bars have brushed finish

All door sizes shown can be built as double door systems.

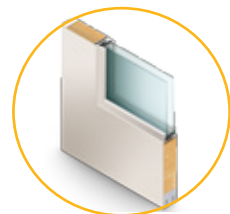

One Light Turtle Glass

Thousands of marine turtles nest in U.S. coastal areas. State and local ordinances protect hatchling turtles by limiting the brightness of inside-to-outside visible light transmittance.

All turtle glass designs shown below have been constructed to meet those local standards.

Turtle Glass is Solar Gray - Solar Gray (SGSG).

All door sizes shown can be built as double door systems.

All components for Pre-Hung assembly are in-stock

All components for Pre-Hung assembly are in-stock

One Lites

LOW-E

When you want a view and nothing but the view, clear glass is the answer.

Low-E 366, 340, and 272 are also available by Custom Order.

Ventilating Doors

This product by DLP Industries is an operational window insert/door combo. When the window is open, fresh air is introduced into the home, eliminating the need for a screen door.

Perfect for beach side residential dwellings. Excellent for condominium doors, patio doors, cabana bath doors, and side garage doors.

Manufactured in Florida.

The following optional glass types are available.

Low-E	Milky White	Obscure	Gray	Turtle*

*Special Order

Optional Impact Security Screen

- Premium grade high tensile 304 stainless security mesh
- Offers insect control, and impact resistance
- Allows ventilation without compromising security
- Available for all door sizes
- All units are built with standard fiberglass screen unless this impact screen option is specified

AROUND THE HOME

AROUND THE HOME

*Insulated
Pet Door*

NEW!

Don't keep your best friend waiting!

- For pets up to 90 lbs
- This system meets ASTM F588 300 lbs forced entry
- Meets structural, cycle, impact, and water testing for Florida's WBD regions. DP rating: Inswing +50 /-60 Outswing +45 /-45
- Low maintenance, energy efficient, extremely durable LEXAN flap and frame

The flexible LEXAN flap uses durable vinyl weatherstrip and rare earth magnets to create an energy efficient seal when not in use.

The flap is clear so you and your pet can see whats on the other side

Available in the following sizes:
Large Pet: 10-1/4" wide X 15-1/4" high flap
Medium Pet: 6-5/8" wide X 11-1/4" high flap

All components for Pre-Hung assembly are in-stock

- Eco-friendly, completely water based system
- UV inhibiting pigments for increased energy efficiency and longer lasting beauty
- Available in 9 paint colors and 5 stain colors

BHI PAINT KIT

BHI STAIN KIT

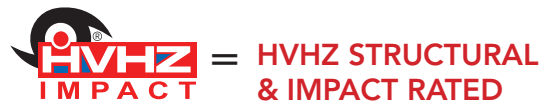

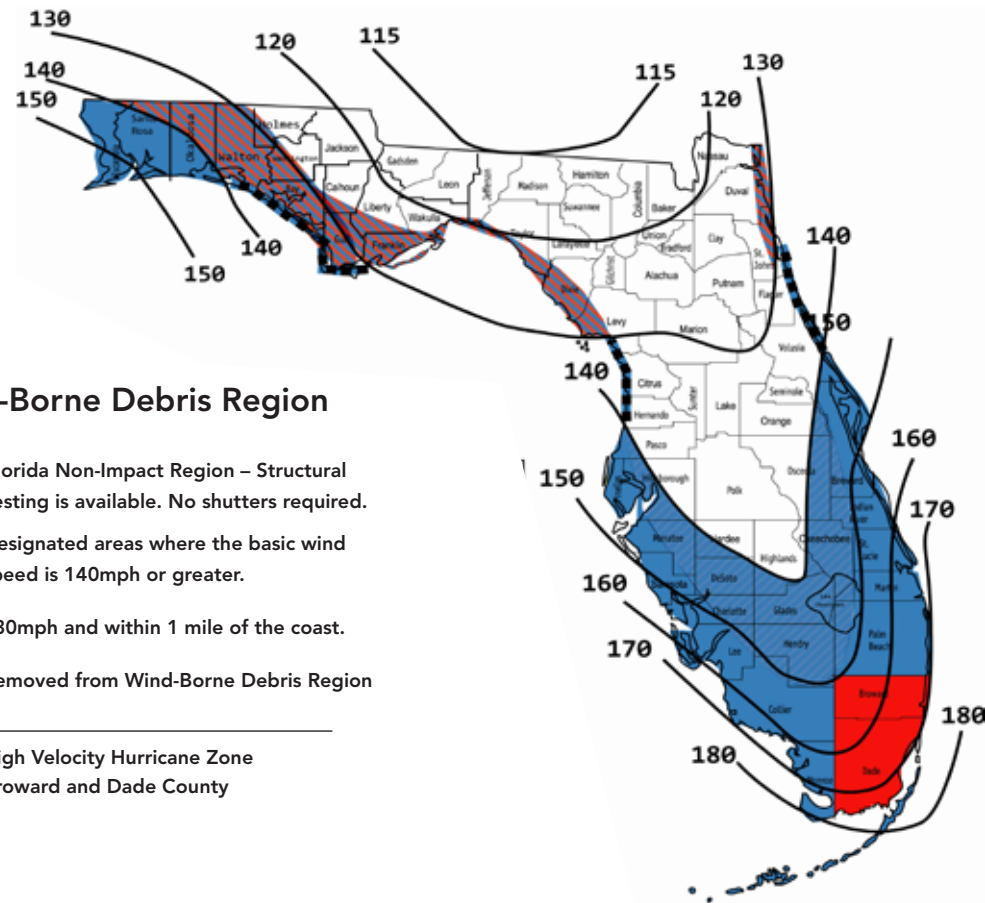

HURRICANE COMPLIANCE

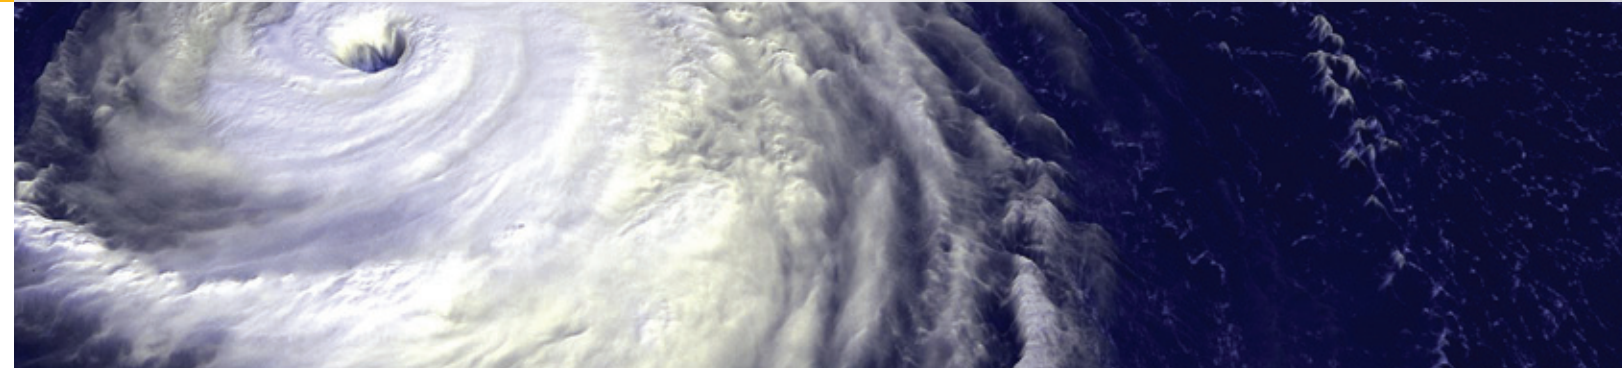

Our expertise in Florida and High Velocity Hurricane Zone (HVHZ) building codes means you can trust **BHI Doors** systems to comply with the unique requirements needed for hurricane code compliance.

Impact units have structural ratings and may be used in the HVHZ and/or WBD impact zones without shutters required.

HURRICANE COMPLIANCE

Doors made to withstand high pressure

BHI quotes and order acknowledgments list the product approvals needed for each pre-hung door system. For additional code approvals and specific design pressure ratings, please see BHI Price & Availability Guide

Some doors are approved for HVHZ for in-swing application but may have overhang requirements. Some systems with very high design pressure ratings may require surface bolts, and/or dead bolt security strikes.

BHI does not warrant the suitability of any product for any specific use. For additional code information, contact a BHI representative, speak with a local plans examiner's office, or contact a contractor or engineer.

ENERGY COMPLIANCE

ENERGY COMPLIANCE

BHI and our suppliers of major fenestration components have made it a joint effort to focus on compliance with the Florida Building Code - 5th Edition Energy Conservation.

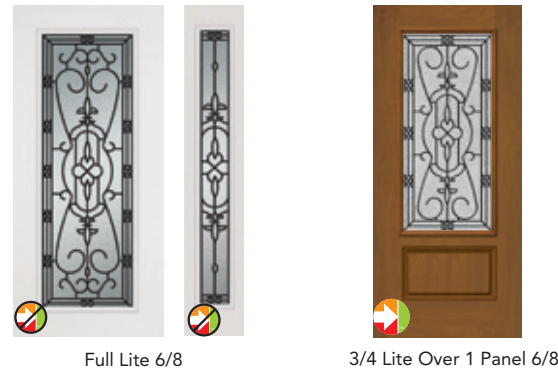

Catalog pages containing only product that meet the minimum energy standard for both solar heat gain coefficient (SHGC) and U-Factor in both climate zones will display this logo at the top of the page:

Individual products that DO NOT meet the minimum energy standards will display this logo:

Individual products that DO meet the minimum energy standards will display this logo:

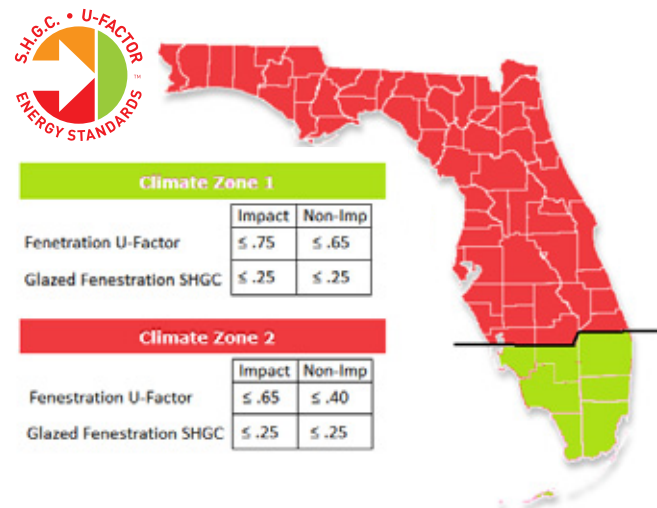

ENERGY CODE EXEMPTIONS

There are also exemptions for products that DO NOT meet the energy standards.

The Prescriptive method of compliance allows up to 15 square feet "of glazed fenestration" per dwelling unit to be exempt from the U-factor and SHGC requirements R402.1.(1), and also one side hinged opaque door assembly up to 24 square feet to be exempt from U-factors (Section R402.1.(3 & .4)). If using this exemption, doors bearing this mark may be used as single door units. Other exemptions for doors bearing that mark may be used when using whole house energy engineering compliance method.

Florida Energy Efficiency Requirements

ENERGY COMPLIANCE

BHI and its suppliers of major components are Energy Star Partners.

ENERGY LABELING

Labels will have specific certified products directory (CPD) numbers listed. These are the numbers listed in the certified products directory of the National Fenestration Rating Council (NFRC). The CPD numbers listed under BHI are also listed with our third-party quality assurance provider, National Accreditation Management Institute (NAMI) for thermal quality assurance compliance.

BHI doors that meet the Energy Standards will have at least 2 Energy Performance labels.

- One permanent label attached to the hinge side of the door slab.
- One temporary label which will be attached to the face of the door.

STRUCTURAL CERTIFICATION LABELING

Builders Hardware inc.
 Plastpro/Nanya Plastic FL# 15210.4
 MANUFACTURER STIPULATES CONFORMANCE TO:
 TAS 201,202,203 - ASTM E48 NOA 17-0712.05/16-0314.11
 DP RATING +75-75 PSF 1/8", 1/2", 1" GLAZED UNIT IN/OUT
 MAX TEST SIZE 3/0 X 6/8 X
 FL CERT # 1773 ANSI # 0651

Specific Labels are used when exact design pressure ratings are required for specific size door configurations, within our test matrix qualifications. Structural Certification Labels are created for specific units with specific stipulations which conform to varying codes within the state.

BHI does not warrant the suitability of any product for any specific use. For additional code information, contact a BHI representative, speak with a local plans examiner's office, or contact a contractor or engineer.

Your Door Stylizer™

Create Your Dream Entryway!

This tool allows homeowners to visualize how various ODL® Doorglass options will look in their home entryways. YOUR DOOR STYLIZER™ uses a guided design process that helps homeowners customize their entryway by replacing glass, adding glass or replacing their door. Once the user has created their dream entryway, they can save, email, share via social media or print their project to make doorglass ordering a snap.

What's Your Style? Classic? Contemporary? Something in Between?

Find the doorglass style that suits you and your home perfectly.

UPLOAD A PHOTO OF YOUR HOME or select a sample from our gallery. Then explore, get inspired, and create the entryway that is made for your home. You can also create an account to save your photos and favorite designs.
